1. What is your connection or interest in this case? * For example, are you a customer of the Company that is the subject of this pending proceeding? (This section must be completed. Attach additional information if necessary.)

I am a customer of Duke Energy

2. Please give a concise statement of your protest. * (This section <u>must</u> be completed. Attach additional information if necessary.)

I am retired and though some of my retirement income is from investment in Duke Energy, I and other investors will not see a 17% increase in our earnings if this increase is approved. This problem is minor to the impact on thousands of customers that just cannot afford these types of hits to their income. Over the past several years I doubt the average Duke customer has received any kind of a raise that would equal even 1/10 of the percentage they have requested. Just as the average consumer must get by on less, Duke can and should get by on less. Somewhere between COL and 4% would be more in line.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? *

(This section should be completed.)
